

Complaining Again after God's Work

11/13/2022 - Sunday School

Exodus 17:1-7

1 Corinthians 10:11

Israel moves as instructed by God into an area without water.

Israel chides with Moses. Always complaining! Continual Drop

Chide: to scold, reprove, blame, quarrel with.

Israel sees the dessert around them rather than the creator that made the dessert.

Israel wants to stone Moses because of no water.

How much of Israel do we have in us?

Moses looks to God for help.

God has proven Himself to be faithful to provide, care, and love the unlovely.

God gives Moses direction and a miracle, AGAIN.

“Is God with us?”

Manna, quail, and now water proves that God is definitely with us.

Through God's Man this miracle is done in the sight of chief haters of Israel.
