Exodus 17:8-16

After battling with the Israel, Moses is in another battle with the enemies of God.

Israel has chided against Moses, but finds themselves gathering together under his leadership.

The battle is: In a certain place in the dessert.
 Against an enemy in the dessert.
 Fighting with those that hate him and God.

The battle within the battle within the battle.

Battle with the enemy on the battle field.
Battle with the leader of the Army.
Battle with the leader over the whole Army.
Battle within this leader.
Battle with those who just apposed you during another battle.
Battle with the weakness of the flesh.
Battle to Trust the God in the battle
Battle to Battle by Faith, through Faith, remaining Faithful in the Battle.

The Lord is the God of the dessert, battle, and the Victory.

The Lord is the altar, the sacrifice, and the priest in the dessert battle.

The Lord is my miracle, my victor, and my banner.
