Genesis 1:1 God Created the Heaven and the Earth.

Simply, God created; nothing evolved.

Be careful using the word evolve.

We grow, things change.

Seasons change and happen by God's hand not man's.

Simply, God spoke all of creation into existence.

No arguing about nothing or something.

God reveals Himself in the Creation

God Created in 6, 24 hour days and rested on the 7<sup>th</sup> day.

By Faith, I know this to be absolute Truth.

By Faith, the writers of the Bible wrote and knew this Truth.

By Faith, nothing can be added to the Truth of Creation or taken from it.
