

The Tabernacle outside the Camp

01/26/2025 - Sunday School

Exodus 33:7-11

The Tabernacle is placed where God wanted it.

The Tabernacle is placed outside the camp, a good distance away.

The Tabernacle is far enough away:

The sin of the camp did not touch it.

If anyone wanted The Lord, the individual had to desire to go.

With the Whole Heart, this individual went a good ways to seek The Lord.

The People watched the Man of God go to the tabernacle.

The People saw the cloudy pillar on the tabernacle. Worshipped The Lord

Saw the presence of God

By sight, we should worship God, when we see His Presence.

Did not hear the conversation between God and Moses.

The Lord spoke to Moses as a Friend.

Joshua departed not from the tabernacle.
